

The competition is announced in the following areas:

Aerospace

Water Management & hydraulic Engineering

Military-Technical Problems

Geology, Mining & Processing of Minerals

Rail Transport

Biotechnology Engineering

Mechanical Engineering

Engineering Regional Policy

Engineering Ecology & Resource

Engineering Problems of Stability & Conversion

Information Security

Information Systems, Computer & Electronic Engineering, Telecommunications

Communications (transport systems, etc.)

Forestry Technology

Materials Science & Technology

Mechanical Engineering (automobile, tractor, construction and road, etc.)

Engineering (heavy, power, transportation, etc.)

Medical & Technical Problems

Metallurgy

Oil and Gas Technologies

Legal Provision of Engineering

Problems of Engineering Education

Control Systems, Diagnostics, Instrumentation

Construction

Shipbuilding

The Technology of Light Industry

Food Technology

Turbines

Chemical

Economics & Management in Engineering

Energetics

Required Documents:

1. Statement - 1 copy.

Announcement of Competition for Electing Members & Corresponding Members of International Academy

Written by Administrator

Tuesday, 12 July 2011 17:07 - Last Updated Thursday, 21 July 2011 11:23

2. Presentation of nominating organizations or actual members of MIA -1 ind.
3. Autobiography - 1 copy.
4. Copies of diplomas, certificates, diplomas and certificates to award academic degrees and conferring academic degrees - 1 copy.
5. List of publications and engineering designs -1 Copy.
7. Photos of 3x4 cm - 3 copies.
8. Required Form 1

Materials submitted to the competition commission of the International Academy of Engineering from 1 August to 30 September 2011.
