

The 16th World Conference on Seismic Isolation, Energy Dissipation and Active Vibration Control of Structures was held in St. Petersburg on July 1 -5, 2019. [16 WCSI program download](#). This conference presents a unique platform for sharing the latest international earthquake engineering knowledge.

Professor Chang Kuo-chun and professor Keh-Chyuan Tsai, from the Department of Civil Engineering of National Taiwan University, led a Taiwanese delegation to attend the 16th Seismic Conference and the 13th Russian National Earthquake Engineering Conference.

Taiwanese attendees:

1. Kuo-Chun Chang, Professor of Civil Engineering of National Taiwan University
2. Keh-Chyuan Tsai, Professor of Civil Engineering of National Taiwan University
3. Jenn-Shin Hwang, Professor of Civil and Construction Engineering of National Taiwan University of Science and Technology
4. Yu-Chi Sung, Professor of Civil Engineering of National Taipei University of Technology
5. Lyan-Ywan Lu, Professor of Civil Engineering of National Cheng Kung University
6. Tzu-Kang Lin, Professor of Civil Engineering of National Chiao Tung University
7. Shiang-Jung Wang, Professor of Civil and Construction Engineering of National Taiwan University of Science and Technology
8. Jui-Liang Lin, Researcher of National Center for Research on Earthquake Engineering
9. Ren-zuo Wang, Researcher of National Center for Research on Earthquake Engineering
10. Kung-Juin Wang, Technician of National Center for Research on Earthquake Engineering
11. Chun-Chung Chen, Associate Researcher of National Center for Research on Earthquake Engineering
12. An-Chien Wu, Associate Researcher of National Center for Research on Earthquake Engineering
13. Bo-Han Lee, Assistant Researcher of National Center for Research on Earthquake Engineering
14. Chung-Han Yu, Assistant Researcher of National Center for Research on Earthquake Engineering
